SUPPLEMENTARY INFORMATION:

I. Background

The BLS is one of the largest labor statistics organizations in the world and has provided international training since 1945. Each year, the BLS Division of International Technical Cooperation (DITC) conducts seminars of 1 to 2 weeks duration at its training facilities in Washington, D.C. In addition to the annual international seminars, DITC provides technical assistance upon request and organizes visits to the BLS for many international visitors each year. The seminars bring together statisticians, economists, analysts, and other data producers and users from countries all over the world. Each seminar is designed to strengthen the participants'

ability to collect and analyze economic and labor statistics.

II. Current Action

Office of Management and Budget clearance is being sought for the proposed extension of the International Training Application. Continuing the existing collection will allow the BLS to continue to conduct international seminars. No questions have been added or deleted on the form since the last Office of Management and Budget approval.
